Special News Bulletin!

The SMITHS are coming out of Retirement!

Dear Old Friends,

It has been six years since we sold our business and retired. Six years since we sent out a catalogue or heard from any of you. We have missed all of you as we considered each one of you as our friend. The best part of being in a business is the friends a person makes. It always seems like people that love flowers are just sort of special.

We are tired of being retired. However we have not been idle. We have been growing some of the finest Iris in the country as a hobby and doing a lot of Iris hybridizing too. If you have never tried hybridizing, you should. It certainly is a thrill to have the new seedlings come into bloom, varieties that nobody but yourself has ever looked upon. Who knows, a person might get a Dykes Medal winner. Anyway, a person can dream, can't they?

We have so many beautiful Iris that we have decided to give you the privilege of enjoying them also, however, we will be specializing mostly in Iris as we go back to work. We realize that in six years some of you may have moved into an apartment or for some other reason will not be able to have a garden so we are sending out some pre-catalogue specials with a special place for your name and address if you want our new Catalogue. Your name will be put on our mailing list and when we have catalogues, lists, or specials they will be mailed to you. Whether you order any of these specials or not, DO NOT DELAY returning the card at once as this will be the only way we will have of knowing if you want our catalogue.

We shall consider it a pleasure to again serve all of you, our old customers and the new ones we hope to make. We always remember that a pleased customer is our best advertisement.

Sincerely,

Carl M. Smith
Eva J. Smith
